CVG's Economic Impact: Catapulted Growth in 10 Years

\$6.8 billion+ economic impact
Most recent figure is based on 2018 data

CVG's total economic impact includes direct and indirect spending related to airport operations expenditures, capital construction projects, and visitor spending.

The growth of CVG's economic impact in the last decade is a result of smart business investments and strategic growth. As a job hub for the region, despite the pandemic, the airport's position as a regional leader will continue.
